

# GIOVAN BAZAN

KEYNOTE SPEAKER · RESILIENCE CONSULTANT

Los Angeles, CA

US · Canada · Australia · Europe

CNN · PBS · NPR · AJC

15+ years, state & federal legislation

Giovan Bazan is an internationally recognized keynote speaker and resilience consultant whose work spans legislative advocacy, federal advisory roles, and keynote stages across the United States, Canada, and the United Kingdom. He has served as a White House Council Advisor.

His methodology wasn't built in a classroom. It was forged through 35+ years of navigating systems, institutions, and environments that required him to build resilience — not study it. Foster care. Juvenile justice. Mental health systems. Legislative chambers. International stages. The framework that came out the other side is what he brings to every organization he works with.

He has co-advocated on landmark legislation in child welfare, mental health, homelessness, truancy, and juvenile justice reform. He has appeared on CNN, NPR, and PBS Hope Givers, been covered by the Atlanta Journal-Constitution, and consulted with the White House Council for Community Solutions in Atlanta, Georgia.

Giovan Bazan is a keynote speaker and resilience consultant whose frameworks were built through 35+ years of real pressure — not theory. He has appeared on CNN, PBS, and NPR, co-advocated on federal legislation, and spoken on stages across four continents.

*"Society doesn't move by you being quiet."*
